ARBITRATION FAILED

Miners and Operators Can Not Agree.

THE MINES WILL NOW BE OPENED

If the Old Men Will Not Return to Work New Ones Will Be Imported—Quiet Prevails in the Strikers' Camps—Threatened Evictions—Indiana Miners in Destitute Circumstances.

PITTSBURG, Aug. 25.—When the conference between the coal operators' committee and miners' officials resumed yesterday the operators presented a proposition to submit the question to arbitration, and pending the decision of the arbitration they would concede 7 1/2 cents per ton, making the rate 61 1/2 cents. President Ratchford refused this and firmly maintained his stand for the payment of the 69-cent rate until the question was settled by arbitration. The conference adjourned without reaching any agreement.

The operators' committee reported this disagreement to a general meeting of the operators, and after a session of several hours the miners' ultimatum to return to work at the 69-cent rate pending arbitration, was rejected. The operators will now carry out the plan adopted at the Cleveland conference and will open their mines at once with the old diggers if possible, with imported men if the old men refuse to work. A committee was appointed, composed of representatives of every firm in the district to map out the mode of procedure for the resumption.

Quiet prevails at the strikers' camps about the Dearmit mines. Both sides are waiting for the decision of the court in the cases of the five men arrested on Saturday morning. The sheriff does not want to go on making arrests until he is sure the court will sustain him, and the strikers don't want to be arrested if the court will sustain the sheriff in making the arrests. So a sort of truce has come about. There was no agreement of any kind.

The strikers maintain their claim of the right to go out in small groups, by moving about quietly, so as not to attract the attention of the deputies if they can help it, and the deputies maintain their position of not allowing the strikers to march by not seeing any of them who do march, and failing to recognize them as strikers if they must see them. Yesterday the campers did not even go out in small groups on account of a drizzling rain. They remained under shelter and passed an uneventful day awaiting news of the conference between the operators and miners' officials in session at Pittsburgh.

During the day the campers succeeded in doing considerable missionary work by going about in groups of two. They claim to have made a number of converts and that only 25 men were at work in the Oak Hill mine. The company offsets this claim, however, by saying that at the day was pay day at the Oak Hill mine they did not expect as many men out as usual, as some miners always remain idle on pay day. They claim, however, that the force of men at work is increasing day by day, despite what the strikers say.

The same plan was carried out at the Oak Hill mines yesterday as were followed last pay day. The men who have contracts, and who joined the strikers within the past two weeks, received no pay and were discharged if they refused to work. Those who had no contracts, and who struck, were paid off in full.

The threatened evictions at Plum Creek will not take place this week, as the company discovered an error in the papers served on the tenants, which made them illegal.

Yesterday was pay day at the Plum Creek mine and about 200 men received their money. Pay was withheld from about 150 men on account of the strike. The total amount held back amounted to about \$1,000. A number of the miners threatened to enter suit for the amount due them.

In the case of Thomas Deere against the New York and Cleveland Gas Coal company to recover wages retained Alderman S. J. Tool yesterday afternoon gave the plaintiff a judgment for \$40.23. Deere sued for wages alleged to be due from July 16 to Aug. 6. He is one of the Dearmit men who joined the strikers at Plum Creek and his wages were declared forfeited under the ironclad contract. Suits for wages have also been entered against the same company by five others. A hearing will be held by Alderman Tool next Monday morning at 11 o'clock.

The camp of the striking miners, which has been maintained for the past four weeks at Sandy Creek in order to keep the miners from returning to work in that pit, was broken up yesterday, and the 70 miners were sent to their homes.

INDIANA MINERS DESTITUTE.

Governor Mount Describes Their Condition and His Position.

INDIANAPOLIS, Aug. 25.—In speaking of the miners' strike in Indiana Governor Mount said: "The condition of Indiana miners gives me deep and constant distress. I am daily advised of the misery that prevails. I have exhausted my power as governor; there are no available state funds from which relief may be supplied; there is no legislature in session to which appeal might be made. I hoped that the generous people of Indiana would respond to my appeal, as the want is urgent. Miners of Indiana have been reduced below living, decent wages, and we ought to do our utmost to bring comfort to the distress."

The governor said he had no sympathy with the criticism that the miners had not husbanded their resources. He said: "They are the victims of a system. Operators have admitted that miners' wages are insufficient. The old scale, they say, was not a decent scale of wages. My pride and American manhood revolt against it. If there should have been disorder and if it should become necessary to call out militia to restore quiet, thousands of dollars would have been spent. An equal sum might, if applied in relief, avert all trouble.

"My sympathies are with the miners. We want none of the conditions to which the contract system reduced Pennsylvania miners. I do not believe timely aid to these Indiana miners encourages pauperism. They are not beggars. They will work if the chance is offered them."

SEARCHING FOR PRECIOUS GEMS. Valuable Deposits of Pearls in Lakes and Rivers in Arkansas.

LITTLE ROCK, Aug. 25.—New discoveries of valuable deposits of pearls in lakes and rivers in Arkansas have added greatly to the excitement already existing over similar discoveries, and today two thousands of people are wading through the water in different parts of the state searching for the precious gems.

The latest and most sensational discoveries were made in the Arkansas river and the creeks, lakes and bayous near Little Rock where pearls have been picked up ranging in value from \$10 to \$500 each. Hundreds of people are working the Saline, White and other river and many valuable finds have been reported. Additional discoveries were made on the Fourche river yesterday, and hundreds of people are swarming that stream.

A staff representative of the Arkansas Gazette, who has spent much time in investigating the matter, says there are 57 streams in the state that are rich in pearls of large size. It has now developed that in the course of a survey made in the White river in 1893, \$5,000 worth of pearls were collected by members of the survey in the course of their duties.

Recent discoveries lead to the assertion that never in man's history were so many and so large pearls discovered.

Pearls of from 30 to 50 grains in weight are no uncommon things to find in the possession of country lads who fish for pearls for pastime. The color of the pearls found is that of a saline rose and the texture is first class.

A FARMER DISAPPEARS.

He Cashes a Check For Wheat and Leaves For Unknown Points.

SHELBYVILLE, Ind., Aug. 25.—Last Thursday evening Mr. John K. Stewart, a well known farmer of Moral township, this county, went to Fairland, where he had a check cashed for some wheat he had sold.

After receiving the money he came to this place, where he met a number of friends, and that was the last seen of him. He was traced to the Big Four depot, where he purchased a ticket, but to what point the agent does not remember.

Stewart is about 40 years old and has a wife and three children. She is a daughter of the late Nickelberry Bush, from whom she inherited a nice farm less than a year ago. Mrs. Stewart says that she and her husband have not had any serious trouble, and she can assign no reason for his strange disappearance.

Drowned While Seining.

FOUNTAINVILLE, Ind., Aug. 25.—While men were seining in White river after nightfall, at a point near Helm's mill, four miles north of this place, William Nicoll, 31 years old, went beyond his depth, and, notwithstanding his cries for assistance, his friends were unable to locate him in time, and he was drowned. Nicoll was a pensioner of the regular army, because of disability, and a member of the I. O. R. M.

Struck a Rich Oil Well.

HARTFORD CITY, Ind., Aug. 25.—The Manhattan Oil company drilled in their well on the S. S. Carroll farm, north of this city, yesterday afternoon in the presence of fully 1,000 people. The first few hours it flowed a terrific volume of salt water and then suddenly turned and flowed oil in great volume. The tank was filled and men dispatched to throw up an embankment to check and save the overflow.

Unknown Man Killed.

CHARLESTOWN, Ind., Aug. 25.—An unknown young man was killed by a Baltimore and Ohio Southwestern train here yesterday. A letter from L. Williams, Alexandria, Ind., was found on his body and an envelope addressed to Josie McCutcheon was found nearby. It is evident that he was a member of the Salvation Army.

India Famine Disappearing.

LONDON, Aug. 25.—The Times correspondent at Simla says that good rains have fallen everywhere throughout India, except in the districts of Bombay and Deccan, and the crops promise to be exceptionally large. The numbers on the relief list are steadily diminishing and evidences of famine are rapidly disappearing.

BLOOMINGTON, Ind., Aug. 25.—The safe in William Bohr's store at Newark, a small town west of here, was opened by burglars, who used dynamite. The thieves secured \$65.

Hurled Himself Into Space.

ENGLISH, Ind., Aug. 25.—George Morgan, 18 years old, son of Jesse Morgan, committed suicide by climbing a tree 60 feet in height and jumping off. The lad was insane.

The governor said he had no sympathy

GALA DAY IN BUFFALO

Grand Army of the Republic Waxed Greater and Grander.

CONTINUOUS PROCESSION OF POSTS

More People Present Than Ever Attended a National Encampment Before—Arrival of President McKinley—Parade of Naval Veterans and Ex-Prisoners of War. Campfires and Receptions.

BUFFALO, Aug. 25.—From dawn to darkness and from twilight to midnight the great gathering of the Grand Army of the Republic waxed greater and grander. The weather has been all that could be wished for. The Grand Army has turned out more men than ever before attended a national encampment and this is true also of the ex-Prisoners of War association, the naval veterans and the woman's auxiliary bodies. Just as the songs of victory floated up from the triumphant hosts of Sherman, as they marched to the sea, so from the old soldiers gathered in Buffalo, wells up a mighty mingling of thankfulness, of happiness, of joy. From early morning until late at night. Main street held a continuous procession of posts. Scores of them brought bands and few, indeed, had no music.

The features of the day were the arrival of President McKinley, accompanied by Secretary Alger and Governor Black of New York; the banquet to the president yesterday evening and the parade of the naval veterans and ex-prisoners of war. During the day, there were more than 30 corps brigade, regimental and company reunions. The naval veterans, ex-prisoners of war, Ladies of the G. A. R. and the Association of Nurses held their conventions, and there were many receptions given by and to the Ladies' Auxiliary association. A trip on the lake, participated in by 2,000 ladies, was one of the pleasantest of the many entertainments. Yesterday evening there were a number of campfires for the men and receptions and musical entertainments for the ladies.

Colonel Sexton of Chicago has withdrawn as a candidate for commander-in-chief. There are now three eastern and one western candidate for the place. At Colonel Cobin's headquarters, Pennsylvania, New Jersey and Delaware are claimed for the Pennsylvania man and his friends say he will be in the fight to the end.

Of Cincinnati's success in her race for the next encampment, there appears to be little doubt, although Denver has loomed up as an aspirant for that honor.

At the request of the citizens of Buffalo, President McKinley has consented to ride at the head of the line in the G. A. R. parade as far as the reviewing stand, where he will take the seat previously assigned to him and review the veterans as they pass by.

EX-PRISONERS OF WAR.

Attendance the Largest Line the Organization of the Association.

BUFFALO, Aug. 25.—The National Association of the ex-Prisoners of War met in annual convention with Commander Charles F. Sheriff of Pittsburgh in the chair. The attendance was the largest since the organization of the association.

The report of the adjutant general showed 63 local associations, with a membership of 1,932 and 702 individual members, a total membership of 2,204. There was a substantial cash balance in the treasury.

Several speakers advocated the passage of the ex-prisoners relief bill to be presented to congress.

These officers were elected: Commander, Charles F. Sheriff, Pittsburg; senior vice commander, J. L. Kilgour, Brooklyn; chaplain, John S. Ferguson, Keokuk, Ia.; historian, Lewis R. Fortesou, Philadelphia; quartermaster general, S. M. Long, East Orange, N. J. Executive committee: Ex-Mayor Donor, St. Paul; James Atwell, Pittsburg; Isaac C. Seeley, Minneapolis, and John P. Donahoe, Wilmington, Del.

NAVAL VETERANS.

Daniel F. Kelly of Philadelphia Elected Rear Admiral.

BUFFALO, Aug. 25.—Rear Admiral Sears called the 12th annual convention of the National Association of Naval Veterans to order. About 300 delegates were in attendance. Daniel F. Kelly of Philadelphia was elected rear admiral for the ensuing year over Will E. Atkins by a vote of 64 to 13.

A resolution was adopted urging the secretary of the navy to accept the plans of Baerer & Webb of New York for a statue of the late Rear Admiral David B. Porter, to be erected in Philadelphia or Washington.

The committee on resolutions reported against the removal of gold stripes from the uniforms of the naval veterans. After a fierce fight the matter was unanimously laid on the table for a year.

A resolution approving the project of the late General William B. Hazen to establish a sanitarium on Castle Pickney island, in Charleston, S. C., harbor, was unanimously adopted.

BUFFALO, Aug. 25.—The National Association of Army Nurses met with National President Mrs. Emily E. Woodley of Philadelphia in the chair and after listening to the president and senior vice president and the various reports, adjourned in order to allow the members to take a ride on the lake.

MORE SPANISH CRUELTIIES. Old Men Were Macheted After Being Tied to Stakes and Tortured.

NEW YORK, Aug. 25.—A tragic incident of the Cuban insurrection is depicted in The Sun, which prints a letter from an aged Cuban, Ramon Montero, who lived in the town of Madruga, Cuba. Montero buried the letter at an appointed place outside the town, where a Cuban comrade found it and carried it to Colonel Raoul Arango. The unfortunate author of the letter was killed by the Spaniards because he was discovered returning from the country, which he had visited without Spanish permission. Montero's letter is dated Aug. 14. It tells of the horrible death of two old men, friends of his, who were forcibly taken from their homes and macheted to death.

The villagers, of whom only old men, women and children remained (all those who were able having taken up arms for the cause of Cuba), were invited by the brutal Spaniards to the execution. The death of those old men occurred on Aug. 9, and during the five succeeding days 12 others perished in the same manner.

The torture of thirst had been largely inflicted upon prisoners. They were tied to posts and a basin filled with fresh water placed before them. Montero knew of 15 men who had been undergoing this barbarous treatment for several days previous to Aug. 14. When he wrote his letter their cries of despair could be heard by the whole town.

SPAIN'S NEW PREMIER.

General Azcarraga Will Pursue the Policy of His Predecessor.

LONDON, Aug. 25.—A dispatch to The Standard from San Sebastian says: "General Azcarraga, the new premier, desires to continue the policy of his predecessor, Señor Canovas del Castillo, as far as possible, and does not apprehend any complications. He is confident that the United States will preserve its present attitude of cordial friendship, and will not insist upon mediation. Spain would not refuse to submit to a commission the settlement of claims of American citizens in Cuba if on the understanding that only the damage suffered at the hands of her forces and authorities was to be the subject of examination and reserving all her counter claims arising from filibustering.

"Should Minister Woodford be instructed to demand autonomy, Spain would reply that autonomy would have been granted long ago had the Cubans ceased to receive from the United States the moral and material assistance enabling them to prolong the struggle and had they ceased to demand absolute independence."

RESISTED THE OFFICERS.

A Woman Wounded and Her Two Sons Killed.

COVINGTON, Tenn., Aug. 25.—A constable and his assistants in attempting to make a levy yesterday on the household goods of Mike Hill, colored, living at Atoka, a station on the Illinois Central, south of here, met with forcible resistance and shot and killed two of Hill's sons and wounded his wife. Hill was not at home, but his wife and two sons were there.

As the officers approached the house Hill's wife came out of the house with a shotgun and attempted to shoot the officers, when she was shot by one of the officers. Hill's sons then joined in the melee and both were killed.

More trouble is expected as the constable has telegraphed the sheriff here for more men.

Wrecker Causes a Wreck.

MILVILLE, N. J., Aug. 25.—The late passenger train from Philadelphia, on the West Jersey railroad, last night collided with a wrecker from Cape May and piled the cars on top of each other. One man was killed, one fatally injured and a number of others seriously injured. The dead man has not been identified. Among the injured are: Samuel Wilson, internally, will die; and Rev. J. F. Shaw of Trenton, ribs broken. The foreman of the wrecker is also believed to be fatally hurt.

One Fined and Two Imprisoned.

PARIS, Aug. 25.—Earon Mackau, one of the chief promoters of the charity bazaar of the Rue Jean Goujon, which was destroyed by fire on May last, with a loss of over a hundred lives, has been sentenced to pay a fine of 500 francs. One of the employes of the cinematograph establishment, the section in which the fire broke out, was sentenced to one year's imprisonment and fined, and another employe was sentenced to eight months' imprisonment and to pay a fine.

White Caps in Alabama.

ABBEVILLE, Ala., Aug. 25.—Last night White Caps went to the house of Frank Smith, colored, and shot him to death through a crack in the walls of the house. White Cappers recently whipped a negro severely for alleged intimacy with a white woman. Smith was killed for having threatened to divulge their names to the grand jury.

House Wrecked by Dynamite.

CHICAGO, Aug. 25.—Some unknown person placed a dynamite cartridge under the farmhouse of Samuel Carson, near Galesburg. The explosion wrecked the house completely. Three persons were in the house, but none was injured, though they were blown many feet away. The reason for the outrage is unknown.

White Caps in Alabama.

CARROLLTON, Ky., Aug. 25.—Will Whitehead, who fell from a third story window on the 18th inst., died from his injuries last night.

MORE TROUBLE FOR BRADLEY.

Kentucky Republicans Making a Nice Mess Running the State Institutions.

[Louisville Dispatch.]

FRANKFORT, Ky., Aug. 23.—According to well founded rumors current to-night the management of the State Feeble Minded Institute, located near this city, is in much the same condition that caused the trouble at the Lexington asylum.

The commissioners of the institution are at variance with Dr. Huff, the Superintendent, and they have not hesitated to take such action as indicates that they think the Superintendent is utterly incompetent for the position. They have taken almost entire control and deposed Mrs. Huff as matron, and also Dr. Huff's son-in-law, who was supervisor of the institute.

Other charges more sensational than mere incompetency of officials are being discussed in whispers, but nothing definite can be learned till the State Inspector, who is now looking into the matter, makes his report. It is said the coming grand jury will be asked to investigate the charges and some racy developments are promised.

This is the fourth State institution that has been confessedly mismanaged in the last year and a half.

FREE SILVER IN MEXICO.

Home Factories Are Booming. Planters Prosperous and the Dollar Buys as Much Home Goods as Ever.

[Louisville Dispatch.]

The Courier-Journal of Saturday last published an article on free silver in Mexico, with an eight-story head on it, accompanied by special telegrams from New York and the City of Mexico, which were set out in advertising type. After reciting the fact that Mexican silver dollars were only worth 40 1/2 cents in gold, and that New York exchange was at a premium of 1.45, the article says: "They (speaking of the merchants) believe that the price is unnaturally depressed and is due to a conspiracy abroad. Meanwhile home manufacturers are booming, as the depreciation in silver makes a high tariff wall. Coffee, sugar, tobacco and sisal hemp planters are prosperous, as they sell abroad for gold and pay their laborers in silver." Then comes the following sad statement for the gold bugs. Mark it and mark it well: "Strange to say, the Mexican dollar buys as much goods as it ever did, except of the imported variety!" So the effect of free silver in Mexico is to increase manufacturers, make the planters prosperous and to pay the laborers in money which will buy as much now as it ever did before, except imported goods. Then listen at this statement, which the Courier-Journal publishes:

"Capitalists are flocking to the country to take advantage of the high premium and invest their gold."

Just think of that. Free silver in Mexico instead of running gold out is bringing gold in, and instead of paralyzing industries is putting the country on a regular boom. The bankers in Mexico seem to have some sense, as well as some patriotism. In this same article from the Courier-Journal the following statement is made:

"Bankers here say a handful of men in London are manipulating the money of the world, which means that they are controlling the prices of the world, and that it is the old fight of monarchy against society."

If the bankers in this country were to make such a statement their masters in Wall street and London would immediately shut down on their credit. It matters not what the gold syndicate may do, the bankers in this country as a rule must shout their approval and attempt to force their customers to indorse it. Again in this same article the following statement appears:

"Rich Mexicans, accustomed to living much of the time abroad, are staying at home investing their silver in building and improvements. All kinds of real estate is rapidly advancing in price, and the demand for masons and contractors is huge."

What a blessing it would be to this country if the rich Americans, who are accustomed to living much of the time abroad, could be induced to stay at home and invest their capital in buildings and improvements. What a blessing it would be to Louisville and every other city, and to every part of the country, if we could see all kinds of real estate rapidly advancing in price and the demand for masons and contractors large. The proof which the Courier-Journal furnishes of the disasters (?) which the decline in silver has brought upon Mexico is calculated when analyzed to encourage the people of the country to pray for a similar calamity to befall us. If the free coinage of silver would start our home manufacturers to booming, bring prosperity to our planters, give employment to our laborers, invite foreign capitalists to come here to invest, induce rich Americans to stay at home and invest their money in real estate and improvements, and cause real estate to advance in price and the demand for labor in all departments to become great, why should not we have free coinage of silver?

The assessed value of property in Jefferson County as finally fixed by the State Board of Equalization is \$119,520,238. The tax rate is 52 cents on the \$100, and the revenue to be derived should amount to \$21,000.

ATTORNEY GENERAL TAYLOR holds that the Populist vote for Congressmen should be taken as the basis of the vote they cast in the last general election. Such a basis shows that they cast more than 2 per cent. of the whole vote, and entitles them to recognition as a party and gives their nominee a place on the official ballot.

The chickens "Atter Dark" Sons had Monday night when captured by Constable Purnell belonged to Jailer Johnson. They were identified yesterday and turned over to their owner. Sons was tried before Squire Howe for drunkenness and fined a dollar and cost. He will be given a hearing later on for taking the chickens.

SEVERAL sales of wheat were reported at Flemingsburg Monday at \$1, the highest price paid there in three years. Cattle sold readily for 4½ cents, against 2½ cents four weeks ago. One bunch was sold, which gave the seller \$40 profit. The second purchaser sold them for a profit of \$40 more, and the third purchaser for a profit of \$42 additional.

The Lexington Gazette says: "Miss Mary Carrick, of Scott, who is suffering from typhoid fever is greatly improved, with decided chances of her recovery. The other members of the family who are ill are doing as well as could be expected. The illness on the Carrick place is believed to be due to fish that had been put in the cistern and afterwards dined there."

TIME'S CHANGES.

A Former Resident Visits Maysville After an Absence of Thirty-Two Years.

Wheeling Register, August 19th: "Justice W. W. Rogers returned yesterday morning from a visit to his old home in Maysville, Ky., which he had not visited for thirty-two years. He expressed himself as more than pleased with his reception and treatment by the friends of his youth, which made such an impression upon him that he was prevailed upon to promise another visit in the near future. He found that many of his friends had passed into the other world, but those who are still living received him with characteristic southern hospitality. Mr. Rodgers visited the cotton mill in which he clerked when young man, and found it a prosperous institution, employing 600 persons. He found Maysville a thriving city, famous as in antebellum days, for its speedy horse, its beautiful women, and the excellent quality of its Kentucky Bourbon."

Wheeling Intelligencer: "Squire W. W. Rogers has returned from a visit to his old home in Maysville, Ky., after an absence of thirty-one years, and is in high glee over the pleasure derived from the trip. He brought back some elegant samples of the product of the Maysville cotton mill, with which he was connected as a clerk "before de wah," and the samples speak highly of the plant. Probably Squire Rogers derived his greatest pleasure in renewing acquaintances with the playmates of his boyhood days."

WELL! WELL!!

The A. P. A.'s After Governor Bradley and it Said They Will Expel Him From the Order.

[Louisville Post.]

There is a jolly row on between Republicans of high degree—that is high degree in the Republican party. Gov. Bradley and his friends have recently been sticking pins in Mayor George D. Todd until they have made him feel them. Now he wants to get even with them and he and his Louisville friends and followers are camping on the trail of Gov. Bradley.

The first step in their proposed revenge will come with the dismissal of Gov. Bradley from the A. P. A. He will be dismissed if Mayor Todd has influence enough in that order to bring it about. The Mayor does not belong to the A. P. A. as yet, but he is an ardent sympathizer, and has friends who do belong to it. At any rate, charges will be preferred against Gov. Bradley very soon.

A member of the order said this morning that Governor Bradley has not paid his dues and has done nothing but make trouble for the order. He thinks it will be easy to secure evidence against the Governor sufficient to warrant his expulsion from Council No. 14, to which he is said to belong.

War between Bradley and Todd is now on to the knife. Local Republicans ignore the Governor's understrappers, but are going directly after the Governor. Last week, it is claimed, the Governor sent for a Louisville detective to come to Frankfort. From this detective he secured certain information which was published yesterday. This, it is claimed, was enough to prove that Bradley is bent on defeating Todd in the coming election.

To-day the Todd men are boiling with wrath, and say they will have Bradley's scalp. Their first effort, as has been said, will be to expel him from the A. P. A. After that they will have other rods in pickle for him.

JAMES J. SHACKLEFORD.

Death of a Well Known Citizen Last Night at His Home on Market Street.

Mr. James J. Shackleford died last night at 10:30 o'clock at his residence, No. 311 Market street. He had been in very feeble health a long time, but rallied somewhat a few months ago and was able to get to his place of business. Last Sunday he was suddenly taken much worse, and soon passed into a comatose condition from which he never rallied.

Deceased was born in 1848, and was a native of this county. Most of his life was spent in Maysville. For some years he was engaged in the lumber business, afterwards in the livery business and then in the undertaking and carriage business as a member of the firm of Myall & Shackleford. At the time of his death he was President of the Mayeville Carriage Company which succeeded the firm of Myall & Shackleford.

Deceased was married three times, his first wife being a Miss Carr, of Lewis County, and the second a Miss Tarr, of Bourbon. His last wife was Mrs. Nannie Higginbotham, of Cincinnati. She survives him, and he leaves two children, a son and daughter, both by his first marriage.

The funeral occurs to-morrow at 10:30 a. m. at the residence, with services by Rev. D. D. Chapin. Interment in the Maysville Cemetery. Burial private.

The C. and O.'s Banner Year.

The Chesapeake and Ohio's fiscal year, which ended June 30 last, was the best in the company's history. The gross earnings for the year, which were over \$10,000,000, were the largest ever earned. The net earnings for the year were \$3,421,414, being an increase \$163,426 over those for the preceding year. The fixed charges are \$3,110,000, and the surplus on hand June 30 last is in the neighborhood of \$300,000. The C. and O. does not keep a construction account and betterments are charged direct to operating expenses.

The Chesapeake and Ohio gross earnings for the second week of August were \$230,217, being an increase of \$31,927 over those for the corresponding week of last year.

TRAGIC FATE.

An Old Preacher Strangled to Death at His Home in Lewis County—A Peculiar Accident.

VANCEBURG, Ky., Aug. 23.—News has reached this place of the tragic death of Rev. Thomas Hawthorne near his residence on Pleasant Ridge, a few miles southwest of this city, yesterday afternoon about 4 o'clock.

A hog had been getting into the old gentleman's grape inclosure and he went out to the place on a hill side to nail on a paling. While at this his foot slipped and by some strange inadvertence he fell, his neck catching between two palings. There he was found by a member of his family hanging and strangled to death, at 5 o'clock p. m.

Rev. Hawthorne was one of the oldest citizens of Lewis County. He was born on Salt Lick Creek, four miles south of this city, seventy-nine years ago.

TEACHERS' DEBATES.

List of Subjects For Discussion at the Mason County Institute Next Week.

State Superintendent W. J. Davidson, in the program for county institutes, has suggested a number of subjects for debate, which appear below.

County Superintendent G. W. Blatterman wishes to urge upon the teachers, both ladies and gentlemen, to prepare themselves on one or more of these subjects, either on the negative or on the affirmative side, and some time during the institute an opportunity will be given for discussion. Mr. Blatterman hopes this may be a feature of the evening sessions of the institute.

The public are cordially invited to attend and take part in these discussions. It is thought best to limit the speeches to fifteen minutes.

At the close of the discussions a secret ballot will be taken on each subject, for or against.

Here is an opportunity to show your enthusiasm and interest. Below are the subjects:

QUESTIONS FOR DEBATE.

Resolved: 1. That no illiterate should be allowed to vote. 2. That only the common branches should be taught at public expense.

3. That all church property should bear its proportionate share of taxation.

4. That the Electoral College should be abolished.

5. That United States Senators should be elected by popular vote.

6. That judicial officers should not be elected by popular vote.

7. That immigration should be prohibited for ten years.

8. That the accumulation of wealth by any one person should be limited.

9. That the territory of the United States should be increased by annexation.

10. That women should be admitted to all political privileges on the same terms as men.

11. That taxes should be levied only on land values.

12. That there should be absolute national prohibition of the manufacture and sale of alcoholic liquors.

13. That municipalities should own light, water, and transportation systems.

14. That Kentucky should adopt a free textbook system.

15. That all civilized nations should disarm by mutual agreement.

16. That the Illinois law should be strengthened and vigorously enforced.

17. That voting should be compulsory on all who have the privilege of the ballot.

18. That public school teachers should be pensioned by the State after thirty years of continuous service.

19. That Kentucky should establish three Teachers' Training Schools.

20. That each county in the State should be required by law to raise by taxation as much per capita in support of the schools as the State supplies.

A RETURN to pure vaudeville at Electric Park will be hailed with delight by our people. No excessive charge is made when you go up there; one price admits you and you have more good jokes, cleaner fun, sprightlier dancing, hear sweeter singing and are entertained for an hour and a half by better artists, than anywhere else in the land for so little. Remember the week opens to-night with an entire change of program, introducing the old favorites in acts, dances and songs never before given in our city. By request of many some old stand-by songs will be repeated, but these as good measure. Ten cents is the price and the curtain bell rings at 8 p. m.

For trains of August 27th to 31st inclusive, the C. and O. will sell regular any way tickets to Philadelphia at rate of one first class limited fare, and will issue certificate which when countersigned by Secretary of the Trades League and by the joint agent of Philadelphia terminal lines and presented to the agent of the Pennsylvania railroad in Philadelphia will be honored for ticket returning at rate of one-third fare. For further information see C. and O. agents.

Homeseekers Excursions.

On August 17th, September 7th and 21st, October 5th and 19th, the C. and O. will sell round trip, homeseekers excursion tickets. Territory: Arizona, Arkansas, Colorado, Indian Territory, Iowa, Kansas, Minnesota, Missouri, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Tennessee, Texas, Utah, Wisconsin and Wyoming. Rate one first class limited fare, plus two dollars. Limit, twenty-one days. For further information see C. and O. ticket agent.

FIRST MOVE MADE IN INDIANA. Methodist Laymen Working For a Great Conference Representation.

RICHMOND, Ind., Aug. 25.—The laymen of the Methodist church of the Indiana conference have issued a call for a mass convention to be held at Roberts Park church, Indianapolis, Sept. 15. The purpose of this convention is to discuss the subject of the laymen having equal representation in the general conference with the ministers.

In this state there are 90,000 laymen and they have but two representatives in the general conference of the church while 834 ministers of the state have seven representatives. The laymen claim that they, being in the majority, should not be obliged to abide by the decision of those who are in the minority. The laymen of the Methodist church who reside in other states are watching the progress of the Indiana members, and, it is said, will soon follow their example.

Child Buried in a Fence Corner.

LINTON, Ind., Aug. 25.—While Jacob VanCannon was cutting weeds in his fence corners, near Sanborn, his dog uncovered the remains of a 4-year-old child. The grave was only about 15 inches deep. The parentage is unknown. Two men and two women camped for a time nearby, and the neighbors claim that a child was seen with them. There were no marks of violence, and the supposition is that it died of natural causes. The remains were given a decent burial.

The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.
